SUMMARY OF ORIGINAL BILL: Authorizes a deluxe theater that exhibits motion pictures to the public for a charge, has a full-service restaurant with at least 900 seats, and contains 9 auditoriums with seating for not less than 50 persons in each auditorium to sell alcoholic beverages for on-premises consumption.

FISCAL IMPACT OF ORIGINAL BILL:

Increase State Revenue – \$1,500/One-Time/ABC Fund
\$6,000/Recurring/ABC Fund
\$78,400/Recurring/General Fund

Increase Local Revenue – \$56,400/Recurring/Permissive

SUMMARY OF AMENDMENT (004763): Deletes all language after the enacting clause. Expands the definition of a “theater” for the purposes of on-premises alcoholic beverage consumption to include a theater that regularly serves prepared food to patrons for dining at each seat in the auditorium. Deletes the provision that authorizes alcoholic beverages and beer to be sold only in areas of theaters accessible to persons 21 years of age or older.

FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENT:

Unchanged from the original fiscal note.

Assumptions for the bill as amended:

- Based on information provided by the Tennessee Alcoholic Beverage Commission (ABC), it is assumed that this bill as amended will apply to five establishments.
- There is an initial application fee of \$300 and a \$1,200 annual fee payable to ABC, for a one-time increase in revenue to the ABC Fund of \$1,500 (\$300 x 5), and a recurring increase in revenue to ABC Fund of \$6,000 (\$1,200 x 5).
- No additional personnel or resources will be required by the ABC.
- It is assumed that the establishments will begin selling alcohol in FY15-16.
- Any increase in local privilege tax revenue is estimated to be not significant.
- State and local sales taxes and a 15.0 percent liquor-by-the-drink (LBD) tax will be assessed on alcoholic beverage sales.

- The current state sales tax rate is 7.0 percent; the average local option sales tax rate is estimated to be 2.5 percent; the effective rate of apportionment to local government pursuant to the state-shared allocation is estimated to be 3.617 percent.
- Pursuant to Tenn. Code Ann. § 57-4-306(a), 50.0 percent of the 15.0 percent LBD tax is allocated to the state General Fund and 50.0 percent is distributed to the local government.
- Based on the interquartile average of 2013 LBD tax returns generated by the Department of Revenue and assuming reasonable growth rates in LBD tax collections, the average taxable base per establishment is estimated to be approximately \$110,000 per year.
- Absent any specific detail data on the size of these venues, an estimate of any additional revenue can only be reasonably generated by applying the average taxable base (\$110,000) for each of the five establishments, for a total of \$550,000.
- The recurring increase in state revenue to the General Fund is estimated to be \$78,358 $[(\$550,000 \times 7.0\%) - (\$550,000 \times 7.0\% \times 3.617\%) + (\$550,000 \times 15.0\% \times 50.0\%)]$.
- The recurring increase in local revenue is estimated to be \$56,392 $[(\$550,000 \times 2.5\%) + (\$550,000 \times 7.0\% \times 3.617\%) + (\$550,000 \times 15.0\% \times 50.0\%)]$.
- Any revenue collected from any state or local taxes imposed on manufacturers or wholesalers is estimated to be not significant.
